SKILLS

HTML&CSS	JavaScript	React	React Native	Vue.js	NodeJS
Express.js	MySQL	PostgreSQL	MongoDB	REST API	CI/CD

WORK EXPERIENCE

Software Developer | Pacific First Aid Ltd Sep 2024 - Present

- Collaborating with cross-functional stakeholders across product, design, analytics, marketing and business teams to develop third-party integrations to optimize daily operations and productivity
- Constructed, designed, and implemented an upgraded suite of customized and automated tools, such as a warehouse inventory management dashboard, to ensure streamlined operations, enhanced efficiency and seamless integration into the team's workflows

Junior Agile Developer | ONIKON Creative Inc Jun 2023 - Aug 2024

- Independently created 30+ responsive web applications using HTML, CSS, WordPress, and JavaScript, including React and Vue, for high-profile realtor clients. Proactively scoped solutions for each client's unique problems and provided detailed estimations of engineering costs and impacts.
 - Applied extensive Search Engine Optimization (SEO) principles to increase quality and quantity of client website traffic; developed and modified WordPress themes and plugins using PHP, JavaScript and jQuery
-

PROJECTS

PFA Dashboard | Technology: React, Express.js, PostgreSQL, Jest, CI/CD

- Developed a full-stack warehouse management application to optimize Pacific First Aid's usage of SkuVault, integrating inventory management and real-time data visibility.
- Automated CI/CD pipelines with **Jest** and **Git**, ensuring seamless deployment and testing, leading to faster feature releases and minimized downtime.
- Designed and implemented **RESTful APIs** and microservices using **Node.js**, **Express.js** and **PostgreSQL** to integrate SkuVault with other third-party systems.

ONIKON Hub | Technology: Vue.js, Laravel

- Created a centralized hub for project activities, enhancing productivity, improving workflow efficiency, and reducing project timelines by 20%

Circle Market | Technology: React, Express.js, MongoDB, Firebase, AWS

- Designed database schema and wrote MongoDB queries using the Mongoose library to ensure data consistency and integrity, and created live private chat feature with Firebase.
-

EDUCATION

BrainStation | Web Development Diploma | Vancouver, BC Sep 2022 - Dec 2022

Backseok College | Associates Degree, Business Administration | Seoul, South Korea Mar 2013 - Feb 2017

- Graduated with Honours: 3.92/4.00 GPA
